#### Risk Management

The Board of Directors believes the Charter School must identify and measure risks of loss due to the damage or destruction of Charter School property or to claims against the Charter School by others claiming to have been harmed by the action or inaction of the Charter School, its offices or staff. A risk management program shall be implemented to reduce or eliminate risks where possible, and to determine which risks the Charter School can afford to assume. Such a program shall consider the benefits, if any, of joining with other units of local government for joint purchasing of insurance, joint self-insuring or joint employment of a risk manager. The Directors shall assign the primary responsibility for the administration and supervision of the risk management program to a single person. The Board shall review the status of the risk management program each year.
